Keywords: *Casual style, Teenagers, Instagram commen*

INTRODUCTION

Sociolinguistics is a study of language which is associated with social conditions. Language is a tool to communion. According to Dhieni, Fridani, Muis, & Yarmi, (2014) language is a system of symbols to communicate with other people, including creativity and system rules. Rosdiana et al (2014) Language is an arbitrary sound symbol system used by members social groups to work together, communicate and identify themselves. Language is variety, there kind of language such as Frozen Style, Formal Style, Consultative Style, Casual Style, Intimate Style. In this research focus used Casual Style. Casual Style is the style in which friends and insiders speak.

According to Ridianto (2018) Casual style is a style used in informal (casual) situation and using informal language. There are kind of Casual Style are Declarative, Imperative, Wh-Interrogative, Polar Interrogative, Exclamation Language to help get information communication. In this era, many people use internet to get information. Internet can connect people to the others by social media. Social media is an online content created using publishing technologies that are highly accessible and scalable. According to Aula (2010) Social media is characterized by interactivity – participants freely send, receive, and process content for use by others. Especially in teenagers they use internet. According to Batubara (2016) Teenagers is a critical period of transition from children to adults. Stage of adolescent development by

mappiare in moh ali 2012 classification of teenagers from 12 years old - 22 years old for women, and for men from 12 years old - 21 years old.

internet almost all day long and instagram is the most social media that is loved by all circles, especially by young people. According to Hu, Manikonda, & Kambhampati (2014) Instagram is a relatively new form of communication where users can easily share their updates by taking photos and tweaking them using filters. They are interact with this social media (instagram) and they always make a conversation on comment to interact with their friends and many peoples use casual style to interact each other. The most on instagram comment using casual style what else in teenagers circle such as : ilysm (i love you so much), ma girl (my girl), thx (thank you). In this research, the writer focuses on sociolinguistics analysis studying about the casual style , casual style is kind of language style. The researchers uses the instagram comment because in this era many people use social media and they think that it makes easier to get information also in instagram is the popular social media in teenagers they always interact and make a conversation in instagram comment. The purpose of this research is to find out the kinds of casual style by teenagers in instagram comment and to describe the meaning of casual style used in instagram comment.

METHOD

In this research, the researchers used qualitative descriptive method. The researchers would try to analyze the data and make a description about casual style types of language style, and to find out used of casual style on instargram comment by teenagers. According to Mulyadi (2011) A Quantitative research is a research approach that represents the understanding of positivism, while qualitative research is an approach that represents a familiar naturalistic research (phenomenology). The researcher takes qualitative research because this research is to find out the casual style that is used in instagram comment by teenagers. The writer collected the data, which were from social media instagram to get the data, and then analyzed the data. In doing this research, there are some steps used by the researchers in collecting the data. First, the researchers did searching on instagram which one the teenagers that used casual style on their instagram comment. Second the researcher analyzed types of casual style that used by teenagers on instagram comment. Third, the data were tabulated based on the types of casual style.
